# YES, I WANT TO MAKE A DIFFERENCE.

I recognize the true potential of Malibu High School, a California Distinguished School. I am committed to being a part of this community. I believe the children growing up in Malibu should have a high school experience on par with leading private schools.

I also recognize and applaud all of the amazing achievements at MHS to date – working with a bare-bones budget. I am pleased that the top universities in the country recruit our students and that our teachers have credentials found only at the top prep schools in the country.

I want our children to continue to have the high school experience that they deserve.
